Explicit Knowledge from KM Session

1. Teaching with passion is the key factor for teaching. Without passion, teachers miss the point.
2. The importance of understanding is, knowledge and reflecting rather than repetition, this approach is necessary in helping students to succeed in their lives.
3. Being well prepared and organised, being ready for any situation is also important in teaching students in the modern world.
4. Passion and enthusiasm for teaching can lead to positive results.
5. Reflection after class is the best way to improve teaching and learning.
